2. Navigation behaviour

Desktop

Place NEO logo at far left. Use concise top navigation. Dropdowns may group Our Business, Solutions, Our Products and About NEO. Put Contact or Partner With NEO as the single emphasized action on the right. Language switcher is visible but secondary.

Mobile

Use a clear menu icon, accessible touch targets, visible language selector and a clear Contact action. Avoid deeply nested menus.

Footer

Include corporate descriptor, concise brand statement, primary navigation, approved contact details, legal links, active social channels and copyright.

3. Visitor journeys

Contact details	Email; phone; address; enquiry types; routing	Corporate admin
Legal page	Approved text; effective date; version; locale	Legal / privacy owner

6. Sitemap acceptance

• Every page has a defined purpose and audience.

• No duplicate or orphan pages.

• Product status is clear on every product page.

- All navigation links work on desktop and mobile.
- English and Indonesian pages have matching language alternatives.
- Legal links are present before launch.
- Contact journeys are tested end-to-end.
